ABOUT THE SHOW

Good evening and welcome to Taking the Minnelli - the second ever revue in The Wellington Footlight Society's genderbent series!

Tonight we bring to you an evening of cinematic musical wonderment on the stage, presenting both popular numbers and the dark horses of the movie musical genre - all with an awesome genderbending twist! We are hoping this evening will make you want to sing along to some old favourites as well as introduce you to some stunning music you may not have come across before, presented at the hands of our incredibly talented cast.

Footlights is about to celebrate its one year anniversary as a society at the end of May, and we are so thrilled with the success and enjoyment of our productions thus far. After Taking the Minnelli we will be immediately starting work on our next project, Jonathan Larson's beloved *Rent*, a production which already has the society and community buzzing with excitement. We already have some excellent members of our society stepping up into the lead roles for *Rent*, but we're also looking for new members to join us - if you are interested in being a part of our future projects please email wellingtonfootlights@gmail.com.

So take your seats and prepare for an evening that will make you glad you didn't wait One Day More!
